

# social value case study

## our communities

### Great British Spring Clean

We make every effort to leave our project sites in a better state than we found them and that includes quick litter pick on the site and adjacent areas.

We also carry out litter-picking activities in conjunction with the Great British Spring Clean which is part of Keep Britain Tidy.

### What did we do?

This year, Works Manager, Dave Timlin, recruited his son, Rail Civils Apprentice, Brett and joined the initiative pledging to pick six sacks of litter one weekend during the Great British Spring Clean.

The dynamic duo visited three community parks local to our Barnsley headquarters filling the six sacks they pledged between them.

- Darton Park
- Barugh Green playground
- Wilthorpe Park

Our #LitterHeroes were part of an army of volunteers who managed to fill 408,000 bags throughout the week.

Dave Timlin, Works Manager at AmcoGiffen

I feel really strongly about doing what I can to help my community.

Just knowing that I've made a small difference by making that space a bit safer, a bit cleaner and more pleasant for our children is worth the early morning and the effort – every time.
